

# The International Conference of Cutting-Edge Artificial Intelligence Applications

National School of Applied Sciences-Beni Mellal,  
Sultan Moulay Slimane University  
November 21 - 22, 2024, Beni Mellal, Morocco

Extended Deadline : **August 31, 2024**

The International Conference on Cutting-Edge Artificial Intelligence Applications invites researchers, practitioners, and policymakers to participate in a dynamic exchange of ideas and insights at the forefront of AI innovation. Against the backdrop of an increasingly complex and uncertain world, this conference serves as a beacon of hope and possibility, fostering collaboration and dialogue to address pressing challenges and shape the future of AI.

## Topics

Topics of interest include all AI applications, but are not limited to, the following:

- **Genomics, Healthcare and Biomedicine**
- **Engineering and Design**
- **IT and Data Science**
- **Automotive and Transportation**
- **Energy and Environment**
- **Communication and Media**
- **Manufacturing and Industry**
- **Finance and Business**
- **Education and Training**
- **Agriculture and food production**

## Submission

Authors are invited to submit original research papers, case studies, and review articles that address the conference theme and topics of interest :
